Know All About

UGC Recognised Diploma/Degree In PCM

in Patient Care Management is an all-rounder as far as critical care is concerned. The course envisages to build in an overall expertise in the student, of managing patients with care, whether it's an in-patient or someone in the OPD. Apart from general patient care the student will specialize in geriatric care and palliative care. They would be capable of offering a range of services like cardiac care or care of cancer patients. The focus of the course will be on geriatric care and palliative care. Data from National Family Health Survey (NFHS) and census shows that life-span has increased in general.
